

Harvest, Post Harvest, Holding, Transportation Zone Management Plan

Think through your packing shed, field packing operation, holding, or transportation for your operation.

1. Identify: What tools and materials do you use in each zone?
2. Identify: What potential risks for contamination are in each zone?
3. Plan: What policies or practices do you want to have to minimize risk?

	1. Tools/materials	2. Potential Contamination	3. Plans to Minimize Risk
Zone 1 Produce Contact Surface			
Zone 2 Close To Contact Surfaces			
Zone 3 Inside Packing Area			
Zone 4 Outside
